JOINT RESOLUTION

October 4, 1961
[H. J. Res. 569]

To waive certain provisions of the Atomic Energy Act of 1954 so as to permit the agreement for cooperation between the United States and France to be made immediately effective.

72 Stat. 277.
42 USC 2153.

Whereas on September 7, 1961, the President submitted to the Congress pursuant to section 123 d. of the Atomic Energy Act of 1954, a proposed agreement for cooperation between the Government of the United States of America and the Government of the French Republic, signed at Paris, July 27, 1961; and

Whereas section 123 d. of the Atomic Energy Act of 1954 provides in effect that such an agreement may not enter into force for the United States until sixty days have expired while the Congress is in session after the submission of the agreement, without adverse action thereon by the Congress; and

Whereas it appears that the full sixty-day period will not have expired during this session of the Congress and that the proposed agreement, therefore, would not in the ordinary course of events be brought into force until Congress reconvenes; and

Whereas the Congress is satisfied that the proposed agreement is within the scope of the Atomic Energy Act of 1954, particularly sections 91 c. (1) and 144 b.; and

42 USC 2121,
2164.

Whereas the proposed agreement is similar to the agreements for cooperation already in effect with the Federal Republic of Germany, Greece, Italy, the Netherlands, and Turkey; and

Whereas recent international developments warrant proceeding with such cooperation with France as expeditiously as possible; and

Whereas the Congress recognizes that the early entry into force of this proposed agreement would contribute to the strength of the free world and thus enhance the common defense and security: Now, therefore, be it

Atomic Energy.
Cooperation be-
tween U. S. and
France.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That notwithstanding the provisions of section 123 d. of the Atomic Energy Act of 1954, which provides for a sixty-day waiting period before agreements for cooperation for mutual defense purposes may be made effective, the proposed agreement for cooperation between the Government of the United States of America and the Government of the French Republic, submitted on September 7, 1961, by the President to the Congress, may be made effective at any time after the approval of this resolution.

Approved October 4, 1961.
